Easy Fix Joist System

EasyFix™ joist system offers a solution to constructing a timber deck over an existing solid base. The EasyFix™ joist system feet are available in 2 heights; 10mm & 38mm (distance from ground to base of joist).

- Quick and easy 'snap on' installation
- Eliminates the second bolted down batten
- 3mm EasyFix™ shims make levelling simple
- Allows services to pass under joist or batten
- Act as a sound insulator - Tested to reduce sound and impact noise by 50%
- No need for concrete skimming
- No cutting or drilling
- The EasyFix™ joist system saves time & money
